Why You Need Email and Spam Security To Protect Your Business

Think about it. How much valuable data do you send every day at work via email?

Chances are, it's a LOT.

Now consider the negative consequences that you could suffer if your valuable business data were compromised. You could lose your information, your reputation, your customers, or even your company!

Since Postini is coming to an end, it's imperative that you find a new way to secure your data.

CognoSecure Email Protection and Continuity is the answer! With our email and spam security services, you can gain peace of mind knowing that you're safe from suffering negative consequences due to emailed data becoming compromised.

Low-cost Email Protection and Exceptional Spam Protection

CognoSecure Email Protection and Continuity services are a cost-effective way for you to easily prevent threats from negatively impacting you and your end users. There are no setup or upgrade fees with our services, and our rates are very affordable.

With our services, you can also rest assured that you will be protected from spam and other harmful emails. Our spam detection system is top-of-the-line and analyzes your emails to determine whether or not they could pose a threat to the security of

your data – it's one of the most accurate and innovative filtering processes available today!

Convenience and Effectiveness

With our email and spam security services, you don't have to buy any hardware or software, so there is nothing that requires maintenance or updates. We also offer complimentary 24/7 customer support to ensure that, if you run into any issues, they can be resolved as quickly as possible by our friendly team of trained experts.

Also, our multilayered email scanning makes us one of the most effective email and spam security providers in the industry. We scan for harmful malware and block both viruses and worms.

“With our services, you can also rest assured that you will be protected from spam and other harmful emails.”

Stay Productive and Minimize Downtime

If your email network experienced an outage, you would likely fall victim to costly downtime. Whether the outage was caused by a natural disaster, a power outage, or something else, you would need to make sure that your productivity was not affected.

With CognitoSecure Email Protection and Continuity, you can rest assured that you, your employees, and your customers can stay connected 24/7. Our web interface allows every user to send and receive email messages safely.

“Our web interface allows every user to send and receive email messages safely.”

When it comes to your email and spam security, don't compromise your data and your company by settling for less than the best. We've helped countless companies secure their emails successfully, and we want to help YOU next!

Contact Cognoscape today for a free email and security assessment, and learn how CognitoSecure Email Protection and Continuity can help your business remain secure.
